

Smart bharat Kya hai?

Introducing Shalimar Paints SMART BHARAT, the two in one acrylic paint that brings convenience and quality to your home like never before. Designed to work seamlessly on both interiors and exteriors, SMART BHARAT eliminates the hassle of purchasing separate paints for different surfaces. Whether you're refreshing your living room or revamping your outdoor walls, this versatile paint offers a smooth, durable finish for all areas of your home.

Why Smart Bharat? Smart bharat kyu lein? Smart bharat mein kya khaas baat hai?

Ye hai two in one paint formula , Perfect for both indoor and outdoor use, SMART BHARAT saves you time and money by providing one solution for all your painting needs.

Hassle-Free Application , No need to worry about different paints for different surfaces. This one paint can be applied to interiors and exteriors saving you a lot of money as there will be no wastage of paint. Paint left over from exteriors can be used for interiors and vice versa.

Long-lasting Durability: Built to withstand the extreme outdoor weather while offering a stunning finish indoors. SMART BHARAT is resistant to chalking, algae, fungal attacks and is also washable so that it can be cleaned by wiping off the wall.

Unmatched Quality Assurance It offers a two year performance warranty making it the only paint to offer warranty in its segment.

Higher Coverage than ordinary distemper , Smart Bharat offers you much more coverage than an ordinary distemper and saves you on total cost of painting the house.

No Chalking and protection against algae and fungus: It is an acrylic paint and hence offers protection against algae and fungal attacks. Moreover, it prevents chalking unlike a distemper.

Vibrant Colors and smooth finish: Smart Bharat offers you more than 750 vibrant shades that stay fresh and beautiful for years and that too with a smooth finish.

Eco-friendly and Safe , SMART BHARAT is a low VOC product, making it safe for your family and the environment.

Kitna Lagega ,

Smart bharat's coverage is 110 sqft per kilo per 2 coats which means if your room area is 400 Sqft then you need approximately 4 kilo of this paint to cover the walls.Kitna Chalega?

Smart bharat is a superior quality paint that offers a 2 years warranty that ensures its life of more than 2 years. Because it is non chalking, washable and durable the paint lasts longer than any ordinary distemper.

Kitne Ka hai?

We can connect you with our nearest dealer for the price of Smart bharat, you can buy the paint as per your choice of shades and quantity required.

Comparison with ordinary distemper: The table compares Smart Bharat and Ordinary Distemper paint products. Smart Bharat provides 90 to 110 square feet of coverage per kg for two coats on both interior and exterior surfaces, with a 2 year warranty, low VOC, smooth finish, superior whiteness, and over 750 shade options. On the other hand, Ordinary Distemper provides 80 to 85 square feet of coverage per kg for two coats on interior surfaces only, with no warranty, regular whiteness, rough finish, and less than 2 years life of paint, and around 500 shade options. Additionally, Smart Bharat is washable, anti-fungal, and anti-algal, while Ordinary Distemper has no such features, and Smart Bharat has low VOC, while Ordinary Distemper has high VOC.
